Review the Flagler College 2012-2013 Catalog for Major, Minor, and course descriptions.

Review the Learning Community (LC) clusters (http://www.flagler.edu/admitted-students/FYE/learning_communities.html) and discuss your LC selection with your advisor.

Review the General Education Program in the Pre-Registration Tools section of myFlagler (https://my.flagler.edu/ICS/Academics/Registrar/New_Student_Pre-Registration.jnz)

Compare the Course requirements for the General Education Program, your major(s)/minor(s), and the Fall 2013-2014 Semester Course Offering and discuss the courses you will choose as your primary course selections with your advisor.

Discuss alternate course selections with your advisor. Make sure that none of your alternate course choices have been included in your primary course selections area.

Discuss the number of courses for which you plan to pre-register with your advisor.

- In addition to a Learning Community Cluster, freshmen course selections should include ENG 152 (required of all freshmen without ENG152 Dual Enrollment, CLEP, AP, IB, or AICE credit). It is also recommended that you include one course in Mathematics.

- For the remainder of your schedule, you should choose courses from the General Education Program. For example, you may choose a course from Foundations of Knowledge, Creative Expressions, and/or Ways of Knowing. Your final course can be COM 101, an additional General Education course or one entry level course in your major. COM 101 can be taken during the fall or spring.

- Review with your advisor four – six alternate course selections. Remember to not duplicate your primary course selections with your alternate course selections. In the event a primary course section is full, you will need an appropriate alternate course.

Full time students must be enrolled in 12 or more credit hours. Typically students choose to enroll in 4-5 courses.
