Flagler College Annual Security Report

2013

The Campus Security Act:

- Title II of Public Law 101-542: "The Student Right-To-Know and Campus Security Act" was enacted by Congress and signed into law by President George Bush on November 8, 1990. The name of the bill has been changed to the "Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act", or "Clery Bill" in memory of Jeanne Clery. This law amended section 485 of the Higher Education Act of 1965 by adding campus crime statistics and security disclosure provisions for colleges and universities.

The Campus Security Act requires colleges and universities to:

- publish an annual report every year by October 1 that contains the previous three years of campus crime statistics and certain campus security policy statements;
- disclose the crime statistics for the campus, public areas immediately adjacent to campus or running through the campus and certain non-campus facilities. These statistics must be collected from campus police or security, local law enforcement and any other College officials that may have “significant responsibility for student and campus activities”;
- provide timely warning notices of those crimes that have occurred and may pose an ongoing “threat to students and employees”; and
- disclose in a public crime log “any crime that occurred on campus...or within the patrol jurisdiction of the campus police or the campus security department and is reported to the campus police or security department.”

The Flagler College Department of Safety and Security is responsible for collecting this data and preparing this report. We work directly with various departments here at Flagler College as well as the Saint Augustine Police Department and the St. John’s County Sheriff’s Department to collect all of this information.

This report may be used as an information gathering device or as a guide for safe practices throughout the campus community. Each member of the College community receives notification that describes the report and provides information concerning how to access the report. For more information, please feel free to contact the Department of Safety and Security at 904-819-6200 or email security@flagler.edu.
CRIME PREVENTION AND CAMPUS SECURITY

Introduction

The administration of Flagler College places major importance upon the safety and security of the College community and the prevention of crime on the campus; in fact, the priority of this endeavor is second to none.

In today’s society, criminal activity abounds. The serenity of the nation’s oldest city is in sharp contrast to the violence of much of our country’s urban areas; yet, even in the congenial and pleasant community of St. Augustine, the increase in criminal activity is evident. Despite the institution’s dedication to crime prevention and safety, the risk of you becoming a victim of a violent crime is real. The responsibility of the College, the student, and the employee is to reduce that risk as much as possible.

Crime prevention is a shared responsibility. If every member of the college community assumes a security conscious posture, reporting any and all suspicious or threatening activity, the opportunity for criminal activity would be reduced significantly. The purpose of this booklet is to discuss these shared responsibilities, yours and the College’s, and to outline the policies and activities that are directed at preventing crime and enhancing your safety.

In compliance with Public Law 101-542 (Campus Security Act) and Public Law 101-226 (Drug Free Schools and Communities Act), this booklet will be distributed to students and employees annually. Prospective students and employees may receive a copy upon request.
THE SHARED RESPONSIBILITIES
OF CAMPUS SECURITY

Campus Security Responsibilities
The College maintains a staff of trained, uniformed security officers. These personnel are not police officers and are not empowered as such. Their primary function is to provide surveillance, information, and advice rather than the enforcement of regulations. Specifically assigned duties include:

- The task of general campus surveillance to observe and detect criminal threats, and to aid in restricting campus access to unauthorized persons;
- Patrol of the campus by foot and marked vehicle;
- Security inspection of doors, windows, lights, and alarm systems;
- Monitoring the closed-circuit surveillance system and the zoned fire/smoke detection and alarm system;
- Maintaining radio contact with the security desk and other officers on duty;
- Receiving and reacting to reports from students and employees regarding suspected criminal threats or activity; and
- Immediately contacting the local police upon suspicion, detection, or report of criminal activity.

City Police Responsibilities
A unique aspect of Flagler College’s security precautions is its contract with the Police Department of the City of St. Augustine. The contract provides for two Saint Augustine Police Department police officers to be assigned to the College property and patrol campus from 6:00pm until 6:00am every day during the academic year. The stated purpose of this contract is to provide a high profile law enforcement patrol to promote a higher degree of protection for College students, employees and properties. The duties of the police officers on campus are to enforce the statues of the State of Florida and the ordinances of the City and to monitor the Flagler campus for suspicious or criminal activity. These police officers are in addition to the regular campus security personnel and maintain regular contact with them.
Student Services Responsibilities
The Office of Student Services, including the residence life staff, plays an important role in crime prevention and student safety by:

- Selecting Resident Advisors and providing them with training in basic security, safety, and crisis response procedures;
- Promoting security consciousness among all students by lectures, seminars, and publications;
- Stringently enforcing student regulations regarding alcohol, drugs, and interdorm visitation; and
- Imposing swift and appropriate sanctions upon students found guilty of criminal acts or involvement.

Student Responsibilities
Flagler College students, whether residents or non-residents, have more opportunity than any other group to prevent crime on campus.

Your responsibility is to exercise this opportunity by:

- Understanding and complying with College regulations and policies regarding student life. In particular the policies on inter dorm visitation, alcohol and drugs, visitor registration, and security of residence hall doors and entry ways.
- Reporting any suspicious activity to a security officer with a general description of the suspects. Remember, the suspicion of a crime does require proof! If in doubt, report it.

Employee Responsibility
The employee’s share of crime prevention and security responsibility involves:

- Being alert to observe suspicious persons or activities on campus and report immediately to campus security;
- Reporting situations or criminal activity that appear to present an immediate danger directly to the police department via 911; and,
- Assuming responsibility for the security of your individual work place.
Your Responsibility

Your individual security and safety will be determined primarily by your personal actions. Be constantly aware of the potential dangers in your surroundings and avoid situations that increase your exposure to crime.

Campus Security Officers Authority and Jurisdiction

Campus Security Personnel:

The College employs uniformed Campus Security Officers and, during certain hours, Officers of the St. Augustine Police Department. The Campus Security Officers are trained in basic and advanced security issues and subjects. The Campus Security Officers are unarmed and have no arrest powers. The police officers patrol during the hours of 6:00pm to 6:00am during the academic year and are certified peace officers with full arrest powers granted to them by the City of St. Augustine. The deputies wear the uniform of the City of St. Augustine Police Department while on duty at Flagler.

The College has a good working relationship with local law enforcement including the St. Augustine Police Department, the St. Johns County Sheriff’s Office and the St. Augustine Beach Police Department. The College provides local law enforcement with information about activities of concern taking place on the campus. Local law enforcement provides the College with information as allowed legally in reference to incidents of concern to the College. There is no guarantee that complete information will or can be given to the College by law enforcement.

Flagler College Security Officers have the authority to ask persons for identification and to determine whether individuals have lawful business at Flagler College. Flagler College Security Officers have the authority to issue parking tickets, which are billed to financial accounts of students, faculty, and staff. Criminal incidents are referred to the St. Augustine Police Department.

CRIME REPORTING
Procedures for Reporting a Crime or Emergency:

Flagler College encourages all crimes be reported to the Director of Campus Safety and Security as soon as possible. The College strives to make reporting as easy as possible by providing several means to do so while on campus.

The College has campus security personnel on duty 24 hours a day. The office is located on the lobby level of Ponce de Leon Hall.

The College provides exterior emergency phones (blue light) that are distributed throughout campus. Use of these phones is by pressing the single button on the phone that will automatically connect to the Campus Security Office. Police, fire and EMS assistance can be accessed by dialing 9-1-1.

Off-campus reporting can be accomplished by calling the Campus Security Office at 904-819-6200.

Reports of crimes may also be made to:

- Vice President of Student Services
- Associate Dean of Student Services
- Student Services Staff
- Director of Safety and Security
- Safety and Security Staff
- Vice President of Business Services
- College Nurse or Physician
- Dean of Academic Affairs
- Associate Dean of Academic Affairs
- Resident Advisors
- Faculty Members
- Coaches/Assistant Coaches within Athletic Department

Campus Security personnel will respond to all calls, emergency or non-emergency. Officers will evaluate information and make proper written reports and in certain cases make immediate contact with appropriate members of the College administration. The staff will encourage the victims to make reports of crimes with the local law enforcement agency.
Security and Access

During business hours, the College (excluding residence halls) will be open to students, parents, employees, contractors, guests, and invitees.

Building Access Locks and Keys:

The outside doors on all residence halls will be locked 24 hours a day. All residents are allowed access with their identification card for the exterior doors to the buildings they are assigned. In addition, each student is given a key or card access to his or her residence hall room. Some students may receive keys to lockable closets. A charge will be assessed if any key or card is lost or not returned at the announced deadline. A student’s check-out will not be considered complete until all keys and/or cards have been returned.

Duplicate keys threaten the security of everyone in the hall and will not be tolerated. Disciplinary action will be taken in this situation. Legal action may also be taken against the vendor providing the duplicate key.

If a student is locked out of his or her residence hall room, a security officer may open the room with a master key. A log is maintained by the security officer of individuals making this request. There will be a charge for this service if an individual is a repeat offender.

Unauthorized locks may not be put on room doors. Any change or addition of locks must be done by physical plant department personnel and only by request of the Director of Campus Security or the Dean of Student Services.

Access to academic buildings is limited to the hours of operation of that building; hours differ for each building. After hours use by students is prohibited unless special permission is received from a specific building representative in advance. Faculty members needing to access a building after hours will either have access through their campus identification cards or by contacting Security in advance. Faculty/staff will be required to present identification at this time.
Flagler College strives to maintain a safe working and learning environment. Ongoing checks are made to ensure that exterior lights are functioning properly. Also, plants, foliage, trees, gates, windows, doors, locks, fences, cameras, and emergency call boxes are maintained to ensure safety on campus. The College contracts with the St. Augustine Police Department to conduct a yearly inspection of the college property and acts on any concerns or recommendations.

SECTION II
POLICY STATEMENTS

Timely Warning
In the event that a situation arises, either on or off campus, that, in the judgment of the Director of Campus Safety and Security, constitutes an ongoing or continuing threat, a campus wide timely warning will be issued. The warning will be issued through the college mass notification system which sends text messages and emails to students, faculty, and staff. This notification will also be placed on the campus website.

Emergency Preparedness
Campus Evacuation Guidelines

Depending on the type and degree of the emergency, the Flagler College campus may be subject to evacuation. The type of emergency will dictate the response by local authorities, first responders and college officials. A single type of evacuation is not appropriate for all emergencies and as a result, deviation from the established procedure may be necessary for the overall safety and wellbeing of the campus community. Any deviation or modification to evacuation procedures during an emergency will rest with the Director of Campus Security in consultation with the Crisis Management Team and Emergency Operations Team.

Evacuation Types

- Shelter-in-Place-Stay where you are or, if possible, go to an interior safe area of your building.
- Building Evacuation-one or more buildings, but not the entire campus, must move to a designated location.
- Campus Evacuation to Off-site Location(s)-everyone must leave the campus and go to a designated place off site. (Off-site location(s) will be announced at time of evacuation and be dependent upon type of emergency.)

Providing Assistance to Persons with Disabilities

Residence Life and the Department of Safety and Security will identify persons with disabilities in advance of emergency situations, and

- Designate a person in the same or adjacent area to provide assistance as requested or required by the individual;
- Ensure the safe movement of all persons with disabilities and account for them as soon as possible.

Emergency Lockdown Procedure

For the protection and safety of staff, faculty, students, and visitors, a crisis on campus may require Flagler College to implement the emergency lockdown of a building or the entire campus. This action would be necessary in situations where evacuation would not
be appropriate. For example, an armed intruder on campus would require that building occupants lock themselves in rather than being exposed to danger. Time is critical in such a crisis and the lockdown must be initiated as quickly as possible. The College President or his designee and the Director of Safety and Security will order the lockdown if deemed necessary. Notification of a lockdown will be made via text message, email, and through verbal communications from the Department of Safety and Security.

When an announcement is made to initiate an emergency lockdown, the following steps should be followed:

- All persons should proceed to an area that can be secured.
- All doors into the area should be locked.
- Move to the point in the room that is most distant from a door entering the room from the outside or from a corridor/hallway.
- Close blinds and drapes for concealment.
- Turn off lights. Remain under lockdown until advised by the Department of Safety and Security or Law Enforcement Personnel.

Tornado Guidelines

Tornadoes are extremely unpredictable as an event, and once active, are erratic as to velocity and path. Most tornadoes in Florida are spawned by thunderstorms, frontal systems or hurricanes, all of which are common in our area.

Weather Radios

If possible, residential students are encouraged to have in their residence hall rooms a NOAA Weather Alert Radio. The local weather alert station for St. John’s County is WFCF, 88.5 FM.

Warnings

It is the responsibility of the National Weather Service to issue tornado warnings for Florida. The fastest access to those warnings is through a NOAA Weather Radio. Often tornadoes are quick to appear and so short-lived that the National Weather Service cannot issue a timely warning. If the National Weather Service has issued a tornado watch for our area, tune to NOAA Weather Radio or local television to follow the latest developments and decide at that time where you will go if a tornado is spotted in our vicinity.
Necessary Actions

If you receive a warning that a tornado is approaching, take the following steps:

- Take cover immediately.
- If you are outside, move immediately to a well-constructed building nearby. If you cannot get to a shelter, move to a low spot such as a ditch or a culvert and stay as low to the ground as possible.
- If you are inside a building, find the most central space on the lowest floor of the building to which you have access, preferably away from doors and windows. If possible, take cover under a desk, table, mattress, or other protective item. Stay as low to the floor as possible.
- If you must go outdoors immediately after a severe storm, watch for fallen power lines and hazardous debris.

Hurricane Guidelines

Flagler College’s Department of Safety and Security monitors all potential tropical storms and hurricanes reported by the National Weather Service. When a storm is predicted to impact the areas in and around the city of St. Augustine, the Security Department, Crisis Management Team, Emergency Operations Team and Building Management Teams will all begin preparation of the campus for this severe weather. As the weather approaches, these management teams will stay in contact with the College community as decisions are made regarding class cancellations and any possible campus evacuation.

If the St. Augustine area is under a hurricane warning, the College will post regular updates regarding the impending storm through the Flagler College email system. The e2Campus mass notification system will be utilized only under extreme circumstances when information needs to be sent and received immediately. (Any student, faculty or staff member may sign up for this service by visiting [http://e2campus.com/my/flag/](http://e2campus.com/my/flag/) and following the registration procedures.)

As general preparation for an approaching hurricane, we suggest the following actions:

- All residential students are encouraged to have in their residence hall room a NOAA Weather Alert Radio.
- Keep a flashlight and fresh batteries in your residence hall room.
• **Never use candles** in your residence hall.
• Stay inside during the height of any storm.
• Have prepackaged snacks and water in your room in case the weather does not permit you to go to the Dining Hall for a meal.
• Stay away from windows and glass doors during high winds or lightning.
• Check your email at least every few hours.
• Place plastic coverings over your computer or other electronic equipment if you leave your residence hall room for an extended period.
• Call Security at 819-6200 if you need assistance or to report facility damage.
• If you go outdoors immediately after a severe storm, watch for fallen power lines or hazardous debris

---

**Missing Students**

A student shall be deemed missing when the administration becomes aware that the student has been absent from the College for more than 24 hours without any explanation.

All reports of missing students shall be directed to the Director of Safety and Security, who will coordinate the investigation and make a determination as to whether the student is missing as defined by this policy.

All students shall have the opportunity to identify an individual to be contacted by the College in the event that he or she is determined to be missing. If a student is under 18 years of age, the College will notify the parent or guardian of the missing student not later than 24 hours after the student is determined missing by the Director of Safety and Security.

The Dean of Student Services shall have the responsibility to make available to the students the provisions of this policy and the procedures set forth below.

**Notification Procedures:**
1) Any report of a missing student should be immediately directed to the Dean of Student Services, the Associate Dean of Academic Affairs, or the Director of Safety and Security.

2) When a student is reported missing, the Director of Safety and Security shall:
   a) Initiate an investigation to determine the validity of the missing person report.
   b) Contact the Dean of Student Services, the Associate Dean of Academic Affairs, and the Vice President of Business Services.
   c) Make a recommendation as to the status of the missing student, i.e. whether the student was found, still missing, accounted for but not on campus, staying with boyfriend or girlfriend, or did not wish to talk with parents.

3) If it is determined the report is valid and the student has been missing for 24 hours, the Dean of Student Services will:
   a) Notify the individual identified by the missing person as the emergency contact person.
   b) Notify the parents or guardians, as contained in the students’ records, of the missing person if the individual is under 18.
   c) Notify the St. Augustine Police Department of a missing person.

4) The following offices will also be notified of a missing person by the Dean of Student Services:
   a) Office of the President
   b) Office of Residence Life (on-campus student)

On-campus students will be given the opportunity to list emergency contact information with the Office of Student Services or the Office of Residence Life. Off-campus students will be given the opportunity to list emergency contact information with the Office of Student Services.

The Dean of Student Services will initiate whatever action deemed necessary and appropriate under the circumstances in the best interest of the missing student. (See Policy Statement #320)

SEXUAL ASSAULT POLICY

Guidelines Regarding Claims of Sexual Assault
Flagler College affirms its recognition that sexual assault is illegal, in violation of the College’s mission, as well as Flagler’s policies and procedures. All claims of sexual assault will be investigated and, where necessary, reported to the St. Augustine Police Department, or other appropriate authorities. The College is committed to educating the Flagler community about sexual assault, including date and acquaintance rape, and will cooperate fully with law enforcement officials. The College will support victims of sexual assault and will punish perpetrators
of this offense.

The College takes seriously its responsibilities to report to the College community alleged incidents and information on alleged perpetrators when it is deemed that other members of the community may be at risk for a subsequent incident.

All members of the Flagler community are obligated to review and abide by their responsibilities under this policy.

**Reporting an Incident**

Who can report? Any member of the College community can and is strongly encouraged to report an alleged sexual assault to a designated reporting official. Non-members of the community may also report an alleged incident and are strongly encouraged to notify civil authorities.

**Reporting Officials**

The following positions are designated as reporting officials:

- Vice President of Student Services
- Associate Dean of Student Services
- Student Services Staff
- Director of Safety and Security
- Safety and Security Staff
- Vice President of Business Services
- College Nurse or Physician
- Dean of Academic Affairs
- Associate Dean of Academic Affairs
- Resident Advisors
- Faculty Members
- Coaches/Assistant Coaches within Athletic Department

**Investigation Process**

All incidents should be reported in a timely manner. Reports of sexual assault will be thoroughly investigated in a timely manner by the College and, where necessary, reported to the St. Augustine police. Please note that all investigations will include the alleged victim, the alleged perpetrator, and available witnesses.

An alleged victim will be asked to share all available information about the incident. An alleged victim’s cooperation is essential. If an alleged victim chooses not to participate in the investigation process, he/she will be asked to sign a statement acknowledging such and that the College’s investigation will continue.
Other students and/or employees of the College who receive notification of an alleged assault should encourage the alleged victim to contact a reporting official. Nevertheless, students and/or employees with knowledge of an alleged assault are required to submit a non-personally identifiable report of the incident to the Dean of Student Services.

Voluntary Confidential Reporting

A member of the college community who is a victim of a crime and who does not wish to pursue action within the College Security Office or through the criminal justice system has the option of making a confidential report. The Director of Campus Security may file a report on the details of the incident without revealing the identity of the victim.

Sex Offender Registration Policy

Incarceration may remove a sex offender from the streets, but it does nothing to prevent the offender from committing another crime when released. The Campus Sex Crimes Prevention Act (CSPA) of 2000 is a federal law that requires institutions of higher education to issue a statement advising the campus community where law enforcement agency information provided by a state concerning registered sex offenders may be obtained. It also requires sex offenders already required to register in a state to provide notice, as required under State law, of each institution of higher education in that state at which the person is employed, carries on a vocation, or is a student.

The relevant web site addresses for obtaining this information in Florida is:

http://offender.fdle.state.fl.us/offender/homepage.do

Security Awareness Program

During orientation programs in the fall and spring semesters, as well as in the summer pre-orientation sessions, students are informed of ways to maintain personal safety and
residence hall security. Periodically during the academic year Flagler College, in cooperation with police, other organizations and departments, present crime prevention and safety sessions for all faculty, staff, full and part-time students.

A common theme of all awareness and crime prevention programs is to encourage students and employees to be aware of their responsibility for their own security and the security of others.

When time is of the essence, information is released to the College community through security alerts posted prominently throughout campus via email and text messaging.

**Crime Prevention Programs:**

Crime prevention programs on personal safety and theft prevention are sponsored by various campus organizations throughout the year.

Students and employees are informed of campus crime prevention policies and encouraged to be concerned about their own security and safety by the following methods:

- All students and employees receive access to an updated version of this report annually;

- The Director of Safety and Security addresses a new-student assembly each semester and emphasizes the need to be concerned about personal security and safety and to act responsibly;

- A brochure with safety and security tips is provided to every new student at the beginning of each academic year;

- Security bulletins are jointly produced by the College President, the Dean of Students and the College Safety Officer. These bulletins may be distributed to the College community several times each year. The bulletins are designed to convey
warnings about any known current or recent criminal activity and suggest precautions.

• With the cooperation of local law enforcement officials, the Student Services staff presents safety awareness programs to students each semester. These programs include such topics as “date rape” and “sexual assault.”

Drug and Alcohol Abuse Prevention Program

Flagler College encourages any student with a substance abuse and/or dependency problem to contact the college nurse and/or the college counselor. The college provides education and prevention programs concerning the use and abuse of drugs and alcohol. Confidentiality will be maintained. Support groups are available both on and off campus.

Illegal Drug and Alcohol Policy

Flagler College expects all members of the College Community, including students, faculty, staff and visitors, to abide by the policies of the College and the laws of the city, state, and nation. The College intends to maintain a drug-free environment for the benefit of all members of the College Community and specifically prohibits the unlawful possession, use, distribution, or manufacture of illicit drugs or alcohol. In this regard, College policies are stringent, compliance is mandatory, and enforcement shall be rigorous and consistent. Any exceptions to these policies shall require the explicit approval of the President. College policies are reemphasized and distributed in this format in cooperation and compliance with the U.S. Department of Education regulations.

CRIME STATISTICS

Annual Disclosure of Crime Statistics

In compliance with the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics, the Office of Campus Security prepares an annual report in cooperation with local law enforcement agencies surrounding the main campus and the College’s upper-
Definitions of crimes and the statistics to be disclosed to comply with the Clery Act:

Types of Offenses

Criminal Homicide, including:
   (1) Murder and non-negligent manslaughter and (2) Negligent manslaughter

Sex offenses, including:
   (1) Forcible, and (2) non-forcible

Robbery
Aggravated assault
Burglary
Motor vehicle theft
Arson

Hate Crimes
If any of the above-mentioned offenses, or any other crimes involving bodily injury, were hate crimes, this must be reported

Arrests and Referrals for Disciplinary Action for illegal weapon possession and violation of drug and liquor laws.
