# BUILDING TOMORROW FOR OUR SAINTS

**SCHOLARSHIPS:**  
Our Commitment to Accessible Education

# A SCHOLARSHIP IS AN ACADEMIC PASSPORT

It represents both educational security and relief from financial burdens, and it ensures a student's admission to the frontiers of learning, research, and personal enrichment. For the 96% of Flagler students who rely upon aid, it is the difference between a coveted degree and an uncertain undergraduate future. When you fund a scholarship at Flagler College, you assure our Saints that their work matters, and that their future is a worthy investment. Most importantly, you liberate them from the strain of balancing fiscal wellbeing against academic standing, empowering them to realize their full potential and lead the next generation of thinkers and innovators.

**Recipient, William R. Hearst Endowed Scholarship**

"As a first-generation student within my family, I'm so grateful to have had the opportunity to go to school without stressing about finances. Scholarship aid helped me be worry-free with tuition and allowed me to focus on my academics. It also helped me invest more time into my crochet business as well as organize the Melanin Monday Market, a campus event that showcases local Black-owned businesses and artists. It's so wonderful to have someone in your corner, who invests in your future."

**Criminology**

**Recipient, Walter L. Harvey Endowed Scholarship**

"Scholarship support lifted a huge weight off my shoulders. Coming to college was an extremely difficult process for me; my parents were not able to watch me go to college and they were unable to support me. I knew I had to work twice as hard to make them and myself proud. This scholarship was an enormous blessing. Even though I've experienced some difficulties these past few years, my donors have given me the chance to excel and I'm so grateful."

**Theatre Arts**

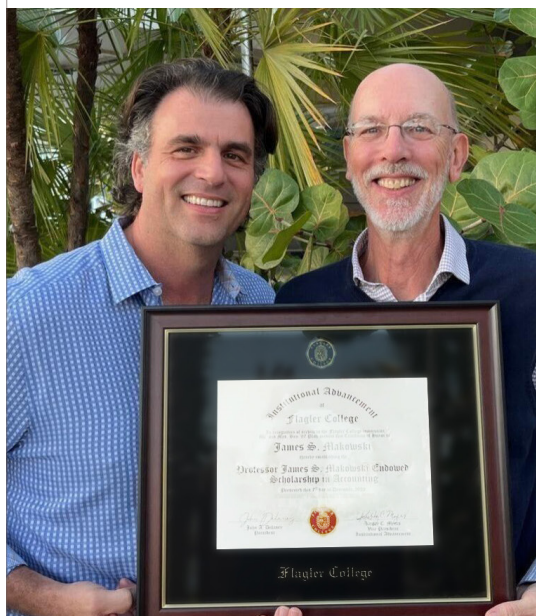

**Recipient, Visual and Performing Arts Advisory Board Annual Scholarship**

"My scholarship has helped me to grow in life, knowing I have help along the way as I reach for my dreams. It's huge to have support and not have to worry about financial burdens, and whether or not I will be able to apply myself fully in school and on the stage. At the beginning of my Flagler career, there was a moment when my financial circumstances changed and my future looked impossible; scholarship aid saved me from having to drop out and has preserved my dream. It truly is heartwarming to have someone by my side, and it inspires me to always do my best for the people who have invested in me."

# YOUR ROLE IN LAUNCHING OUR SAINTS' FUTURES

Your support of scholarships ensures that qualified Saints who aspire to a Flagler education will have access to it. With your help, they will shatter glass ceilings, contribute major breakthroughs to their respective fields, and boldly enrich the communities in which they live.

## BEN PLATT '97

Founder of Tembo CPAs

Recipient, Lewis-Wiley Scholarship

Co-established the Professor James S. Makowski Endowed Scholarship in Accounting

"My time at Flagler, and the scholarship aid I received, was essential to my development as a professional. I felt like my donors and Professor Makowski, as well as a handful of other professors, had this genuine investment in my future; they wanted to see me make good decisions and choose the right career path. Consequently, I wanted to honor Professor Makowski's influence as a teacher and friend, while also giving back and creating a steady resource of aid for generations of Flagler accounting students to come. It's gratifying to imagine that long after my wife and I are gone, students will still be benefitting from our scholarship."
