## WELCOME TO THE SCHOOL OF BUSINESS!

We're thrilled that you've chosen to begin your journey with us. You're now part of a vibrant, motivated, and supportive community of learners, leaders, and big-thinkers who are excited to explore what's possible in the world of business, and we're so glad you're here.

While you are starting your program, you are also joining a community. Every faculty and staff member in the School of Business is here to guide you, challenge you, and cheer you on. Whether you're exploring a major, discovering your strengths, or imagining your future career, we're ready to help you make the most of every opportunity.

One of the best ways to feel connected and grow your skills is by getting involved in our student organizations. Our student-led clubs and organizations are incredible spaces to meet people, build your résumé, and develop a genuine sense of belonging in our School of Business community.

This portfolio you're receiving is made possible through the generous support of our Business Advisory Board, whose members are dedicated to helping you succeed from your very first semester. They believe in you, and so do we.

We are truly excited to support you as you begin this journey. Our doors are open, our team is here for you, and we're ready to help you navigate your program every step of the way. Please reach out, stay connected, and let us know how we can help you thrive academically, professionally, and personally.

**Here's to a great year—let's get started!**
