SESSION DESCRIPTION

The [Admissions Information Session](#) will give you a clear picture of the requirements for admission to Flagler and help you understand the Admissions process for prospective students and the next steps for admitted students.

The [Department Showcase](#) is an opportunity for students and families to meet with members of our faculty and staff to discuss academic programs and student services in depth. All academic departments and many student life and support departments will be available for questions.

Take a [Tour of Campus](#) with a student Ambassador. You will explore our campus' most popular spots!

Stop by to [Meet the Admissions Counselors](#) and get all your questions answered!

An [Information Table](#) is set up in the Lobby of Ponce Hall during the event to should you have any questions, or need an extra campus map or schedule.

Our [Ambassadors](#) are current Flagler students who represent many different hometowns, academic program, and student organizations on campus. They are here to help – if you are lost, they will be able to show you where to go.
